Emergency Survival Kit

- Emergencies and disasters can happen at any time. This could mean that utilities are out, roads are closed and we can't get the crucial supplies we need. Local, provincial and federal officials prepare for emergencies, and so can you.
- Everyone should be prepared to take care of themselves and their families for up to three days in the event of an emergency or disaster. With increased awareness of security concerns throughout Canada and the world, it makes sense to prepare for the unexpected.
- The lists below are recommended guidelines to help you gather the items you should have on hand and keep stored in a place everyone in your family knows about.
- If you are ever in an emergency situation, **don't panic**. People have survived three days without water and three weeks without food. Your home can retain heat for up to three hours in winter.

Checklists

Think of any special needs someone in your family might have, and include any other items that your family would need. Here are some suggestions:

Babies/toddlers

Diapers, bottled milk, formula and food, toys, crayons and paper.

Other family members

Keep at least one week's supply of medication in your emergency kit and include extra eyeglasses, spare batteries for medical appliances and an extra oxygen cylinder if needed. Include copies of prescriptions for your medicine and glasses.

Pets

Include a three-day supply of pet food and water.

Food and water kit

Have at least a three-day supply of food and water on hand. Choose ready-to-eat foods that your family likes and that don't need refrigeration.

Canned food, such as soups, stews, baked beans, pasta, meat, poultry, fish, vegetables, fruits. Crackers and biscuits, honey, peanut butter, syrup, jam, salt and pepper, sugar, instant coffee, tea.

Water

At least four litres per person per day should be allocated – two for drinking and two for food preparation, hygiene and dishwashing. Keep a supply of water purification tablets on hand as well.

Note: Consume and replace canned food and dry goods once a year.

Equipment

- Knives, forks, spoons
- Disposable cups and plates
- Manual can opener, bottle opener
- Fuel stove and fuel (follow manufacturer's instructions; never use a barbecue indoors)
